Welcome!!

At Plymouth House Nursery School, our primary focus is to establish a fun, engaging and positive environment for your child, making their first learning experience enjoyable. We strive to develop your child's social and communication skills and build the foundation for strong literacy skills. We want each child to leave Plymouth House with a strong sense of confidence and excitement for their next opportunity.

We believe that children learn best when they are encouraged to be active and creative explorers who can test new ideas and think independent thoughts. As such, our curriculum is play-based and flexible, allowing for the children's interests to lead the way. Teachers provide opportunities for the children to grow in all areas of development, including:

- Social Development – making friends, feeling of belonging within a group
- Emotional Development – sense of empathy, building self-confidence, practicing self-control
- Cognitive Development – acquiring skills to solve problems, ask questions and express emotions
- Physical Development – practicing fine motor skills, and strengthening muscles and coordination through gross motor activities

We provide enrichment programs which include music and movement classes. We are also fortunate to have a large playground for outdoor fun, as well as a large indoor space for those cold or rainy days!

Plymouth House encourages parent involvement and values the home-school connection. We have a *Mystery Reader Program* and are always looking for family members to come in and surprise our students with a favorite book. Throughout the year, we have various social events including a *Fall Pumpkin Walk* and an *End of the Year Celebration*.

We offer between two-, three-, four- and five-day programs serving children ages 2-6 years old. We are conveniently located next to the Plymouth Church of Framingham with easy drop-off/pick-up and plenty of parking. We follow the Framingham Public School's academic calendar and are open 8:00am-4:30pm with the following options:

- Early Drop-Off: 8:00-8:30am
- Morning Program Hours: 8:30-11:45am
- Extended Day Hours: 11:45-4:30pm with various pick-up options

We look forward to welcoming you and your little one to our school!
Please contact us with any questions you may have!
